

DEPARTMENT OF RACHANA SHARIR

The subject of **Rachana Sharir** is one of the basic subjects of medical science. Students of medical science will need a sound knowledge of Rachana Sharir (Anatomy) of human body to deal with the clinical domain. The Rachana Sharir DEPARTMENT provide exposure to cadaver, specimen etc. to the students.

Facilities-

- A well maintain and ventilated dissection hall.
- Apart from cadaver for knowledge for Anatomy. We have 3D Anatomy app for better understanding of subject.

Museum-

- Models of different body parts and organ system.
- Chart which describe human body system.
